

# All Breed Goat Meal

*A full feed for stud, dairy and meat goats.*

**Furney's All Breed Goat Meal** is a mix of good quality grains and chaff mixed together with vitamin and mineral premixes with canola oil and molasses added to assist with energy and increased consumption. Ideal for stud, dairy and meat goats of all breeds.

**Available in  
30kg bag**

**Feeding Rates:**

We recommend show or stud stock consume 3% of their body weight per day.

Dairy goats should be fed in troughs. (i.e. feedlots or at bail).

Meat goats should use the feed as a supplement of around 1.5% adding lucerne and clover hay.

**Note:** Make sure water is not restricted.

**Typical Ingredients:**

Barley, Sorghum, Maize, Wheat, Pollard, Bran, Vegetable protein meal, Lucerne, Wheaten and Oaten chaff, Lupins, Salt, Sodium bi carbonate, Limestone, Di calcium phosphate and Goat vitamin and mineral premix.

Rumensin or Bovatec are available to be added upon request.

**THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.**
