

# Chicken Grower Mash

Designed to be feed from six weeks of age until point of laying at 16 to 18 weeks of age, with growth in mind. Protein sources derived from both meat and protein meals. Grower Mash is balanced with a vitamin and mineral premix to help chicks achieve their optimum potential without any growth hormone's. Correctly balanced energy and amino acids, major and trace minerals. Crushed and processed grains to maximize digestive potential.

NUTRIENT ANALYSIS	
Crude Protein	20.0%
Crude Fat	4.0%
Crude Fibre	7.0%
Max added Salt	1.0%
Lime	5.0%

## Features:

- Correctly balanced energy and amino acids, vitamins, major and trace minerals.
- Ingredients carefully selected for high digestibility.
- Steam pelleted.
- Crushed and processed grain to maximise digestive potential.
- Growth hormone free.

## Benefits:

- High feed utilisation.
- Enhances digestibility.
- Lack of separation and wastage due to high quality ingredients being used.
- Good rich coloured yolks.

## Ingredients

Wheat crushed and cracked, Oats, Barley, Sorghum, Lucerne meal, Meat meal, Vegetable protein meals and added vitamins A, D3 and Riboflavin.

## Feeding Directions

Fed adlib to young pullets from 6 weeks of age till point of lay approx 18 weeks. This will ensure maximum feed intake and good growth development of each pullet.

DO NOT restrict access to feed as this will reduce growth potential.

Pullets normally consume approx 70gm to 100gm per day.

Fresh clean water should be available at all times.

## 20kg Bag

**This product contains restricted animal material.**

**DO NOT FEED TO CATTLE, SHEEP, GOATS, DEER OR OTHER RUMINANTS.**
