Mix a 30kg bag of Furneys Promerino with 970kg of grain ration for a complete feed. Usual intake generally 3% of body weight daily of the whole ration.

Also available with Furneys Show & Sale for a complete stud or show mix with no mixing or adding required and roughage included.

Best results achieved with daily feeding

This product is suitable for sheep only. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of sheep will give different results. Please use the feeding table as a guide only and ensure feeding guide is introduced gradually, as unobserved diet changes can be detrimental to the final results and/or the animals health.
