

U-PHOS 10%

<u>Ingredients:</u> Molasses, Limestone, Mono Di-Calcium Phosphate, Salt, Sulphur, Urea and Furneys Trace Mineral Premix - (Cobalt Sulphate, Copper Sulphate, Iron Sulphate, Manganese Sulphate, Potassium Iodide, Sodium Selenite, Zinc Sulphate, Mineral Oil).

UREA is not a protein, it is a simple nitrogen compound. UREA may be harmful when supplemented incorrectly. DO NOT FEED to starving animals or in poor condition. ENSURE there is sufficient forage available when feeding this product. Be wary when product is wet. STORE BELOW 30°C (Room Temperature)

Recommendation based on Blocks per Head

Cattle	50 Head	6 Blocks	30 Days
Cattle	100 Head	11 Blocks	30 Days
Sheep	100 Head	2 Blocks	30 Days
Sheep	1000 Head	24 Blocks	30 Days

UPHOS 10% for Cattle & Sheep with dry pasture or where grain and forage are being supplemented to either growing or breeding animals.

Uphos 10% provides a mixture of macro and trace minerals to balance the requirements of cattle while grazing dry standing forages and scrub. Urea and molasses are also included to stimulate the rumen microbes when digesting dry grasses and scrub.

Sulphur is added for rumen microbial synthesis of sulphur containing amino acids when feeding urea.

Phosphorus is integral in daily diets; If deficient, can cause loss of appetite, restricted growth and weak skeletal development.

NUTRIENT ANALYSIS**			
Urea	10.00%		
Max Salt	39.00%		
Molasses	6.00%		
Crude Protein	29.03%		
Equivalent Crude Protein	28.75%		
Calcium	12.00%		
Phosphorus	5.998%		
Sulphur	0.648%		
Magnesium	0.365%		
MINERALS IN FURNEYS TRACE MINERAL PREMIX			
Cobalt	15 mg/kg		
Copper	250 mg/kg		
Ferrous Iron	150 mg/kg		
lodine	20 mg/kg		
Manganese	200 mg/kg		
Selenium	5 mg/kg		
Zinc	500mg/kg		

^{**}The above table is a Nutrient Composition as fed. Actual ingredients and proportions of these nutrients may vary in micro analysis. Many factors influence feed quality and animal performance.

The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. This product is suitable for ruminants only and not recommended for other animals. Please use the feeding table as a guide only and ensure feeding guide is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL
