Furneys Calcium Molasses + 10% Urea Block is designed to provide sheep, goats and cattle with essential trace elements to continue healthy growth in dry conditions. Feed is made palatable by providing urea, sodium, calcium and molasses.

Calcium Molasses + 10% is mostly used until lambs, kids and calves have been weaned.

FEEDING GUIDE

Furneys Calcium Molasses + 10% Urea Dry Season Blocks are recommended to be fed based on the feeding table below. Dry season young stock on dry feed.

FEEDING TABLE

ANIMAL TYPE	NUMBER OF HEAD	NUMBER OF BLOCKS	NUMBER OF DAYS
CATTLE	50	6	30
SHEEP	100	2	30
GOATS	100	2	30

INGREDIENTS

Salt, Calcium Carbonate, Urea, Molasses, Sodium Chloride, Bentonite, Magnesium Oxide, Copper Sulphate, Zinc, Maganese.

UREA is not a protein, it is a simple nitrogen compound and may be harmful when supplemented incorrectly.

WARNING DO NOT FEED TO DOGS, HORSES OR OTHER EQUINES AS IT MAY BE FATAL

This product is suitable for sheep and cattle only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains Urea, keep the product dry and ensure it drains well. This product does not contain restricted animal material. Always ensure clean drinking water is available.
