MAGNESIUM	0.4%

MINERALS IN FURNEYS TRACE MINERAL PREMIX

COBALT	15 mg/kg
COPPER	250 mg/kg
FERROUS IRON	150 mg/kg
IODINE	20 mg/kg
MANGANESE	200 mg/kg
SELENIUM	5 mg/kg
ZINC	500 mg/kg

Furneys U-Phos 30% Dry Season Block is designed for cattle with dry pasture, or where grain and forage are being supplemented to either growing or breeding animals. A mixture of macro and trace minerals are included to balance the requirements of cattle while grazing dry standing forages and scrub during dry times in phosphorus deficient country.

Phosphorous is an integral part of cattle's daily diet. If deficient, it can cause reproductive issues, decrease appetite, restrict growth and skeletal development. Furneys Uphos 30% Block includes urea and molasses to stimulate the rumen microbes when digesting dry grasses.

FEEDING GUIDE

Furneys U-Phos 30% Dry Season Blocks are recommended to be fed based on the feeding table below. Do not feed to starving animals or animals in poor condition. Ensure there is sufficient forage available when feeding this product and be wary when product is wet.

FEEDING TABLE

ANIMAL TYPE	NUMBER OF HEAD	NUMBER OF BLOCKS	NUMBER OF DAYS
CATTLE	50	6	30
CATTLE	100	11	30
SHEEP / GOATS	100	2	30
SHEEP / GOATS	1000	24	30

INGREDIENTS

Urea, Molasses, Salt, Lime, Mono Di Calcium Phosphate, Iron sulphate, Sulphur, Copper Sulphate, Zinc Sulphate and Furney's Trace Mineral Premix

UREA is not a protein, it is a simple nitrogen compound and may be harmful when supplemented incorrectly

WARNING DO NOT FEED TO DOGS, HORSES OR OTHER EQUINES AS IT MAY BE FATAL

This product is suitable for sheep and cattle only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains Urea, keep the product dry and ensure it drains well. This product does not contain restricted animal material. Always ensure clean drinking water is available.
