SELENIUM	5 mg/kg
ZINC	500 mg/kg

Furneys Ewe & Lamb + 30% Lupin + 10% Urea Dry Season Block is designed for ewe and lambs, doe's and kids to help prevent lambing sickness & pregnancy toxemia on dry feed. Feed is made palatable by providing urea, sodium, calcium and molasses. Ewe & Lamb + 30 Lupins +10% Urea Dry Season Block is designed to entice reluctant ewes to seek out the lupin grains from the block structure whilst consuming the calcium and urea which is bitter. Salt & molasses generally is sufficient as an attractant. The block is generally used for ewes/does about to lamb or having dropped the lamb/kid and pasture is dry but plentiful.

FEEDING GUIDE

Furneys Ewe & Lamb + 30% Lupin + 10% Urea Dry Season Blocks are recommended to be fed based on 1 block per number of head, refer to feeding table below. Feed throughout pregnancy up to weaning.

WARNING DO NOT FEED TO DOGS, HORSES OR OTHER EQUINES AS IT MAY BE FATAL

This product is suitable for sheep and cattle only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains Urea, keep the product dry and ensure it drains well. This product does not contain restricted animal material. Always ensure clean drinking water is available.
