Furneys Ewe & Lamb + 30% Lupins Block is an advanced supplement block ideal for lambing ewes and ewes with lambs at foot. The block is also used for other ruminants when the weather is harsh and feed quality is poor. Lupins enhance consumption by enticing sheep to bite the lupins out of the block, thereby consuming the ration.

### FEEDING GUIDE

Furneys Ewe & Lamb + 30% Lupins Blocks are recommended to be fed based on 1 block per number of head, refer to feeding table below. Feed throughout pregnancy up to weaning.
