Furneys Trace Mineral + 3% Urea Block is a palatable block designed for all livestock. It assists in the supply of important minerals required for animals to achieve their full growth and breeding potential. Furneys Trace Mineral + 3% urea contains all the micro and macro minerals essential for growth and development.

Furneys Trace Mineral + 3% urea block is an economical feed and animals will consume if they are mineral deficient.

FEEDING GUIDE

Furneys Trace Mineral + 3% Urea Blocks are recommended to be fed based on 1 block per number of head, refer to feeding table below. Use when stock are two thirds into pregnancy.

INGREDIENTS

Salt, Lime, Di Calcium Phosphate, Magneisum Oxide, Ferrous Sulphate, Molasses, Sodium Selenate, Cobalt Sulphate, Potassium Iodine, Hydrated Lime, Sulphate Powder, Copper Sulphate, Zinc Oxide, Muriate of Potash, Sulphur, Anised Premix.

FEEDING TABLE

ANIMAL TYPE	NUMBER OF HEAD	NUMBER OF DAYS
CATTLE	10	28
SHEEP / GOATS	70	28

UREA is not a protein, it is a simple nitrogen compound and may be harmful when supplemented incorrectly.

WARNING DO NOT FEED TO DOGS, HORSES OR OTHER EQUINES AS IT MAY BE FATAL

This product is suitable for sheep and cattle only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains Urea, keep the product dry and ensure it drains well. This product does not contain restricted animal material. Always ensure clean drinking water is available.
