

BEEF LOT 40

AVAILABLE IN 20KG BAGS

FURNEYS BEEF LOT 40 IS A PROTEIN, VITAMIN AND MINERAL CONCENTRATE DESIGNED FOR MIXING WITH CRUSHED GRAIN AND ROUGHAGE FOR FEEDLOT AND LICK FEEDER CATTLE.

-  **High Quality Protein For Improved Growth Rate**
Containing premium and high quality by-pass protein for improved growth rates. Ingredients are sourced from cereal grains, legumes and their by-products.
-  **High Level of Vitamins & Trace Minerals**
Fortified with essential vitamin E to improve meat quality and health, as well as trace minerals to benefit cattle with long-term feeding.
-  **Contains Rumensin 100**
Rumensin 100 will improve your growth rate as well as your feed conversion efficiency.
-  **Molassed to Control Dust**
Contains molasses to control dust, product losses and limit separation in mixed grain feeds.
-  **Tylan For Liver Abscess Control**

 **Feeding Guide**
Furneys Beef Lot 40 is a palatable, dry, dust free, feed supplement designed to be fed to cattle in feedlots and at pasture. It's a complete supplement designed to accompany and balance high grain diets for growing and fattening cattle. It should be mixed thoroughly with other ingredients to make a complete mixed ration at a rate of 40kg of Beef Feedlot supplement per 1 tonne of air-dried feed (barley, wheat, sorghum, preferably rolled or cracked). Ensure there is good quality green or dried feed, or Lucerne in the paddock. Cattle should be introduced to grain on a gradual basis.

WARNING DO NOT FEED TO DOGS, HORSES OR OTHER EQUINES AS IT MAY BE FATAL

This product is suitable for cattle only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains Urea. This product does not contain restricted animal material. Always ensure clean drinking water is available.
