

STUD CATTLE FATTENER FINISHER 13.5%

AVAILABLE IN 30KG BAGS & BULKA BAGS

FURNEYS STUD CATTLE FATTENER FINISHER 13.5% IS A COMPLETE FEED DESIGNED FOR THE **FINAL** PREPARATION STAGE OF BREEDING CATTLE & FOR SHOW OR SALE.

-  **Maximum Growth Weight & Consistent Muscle Development**
Provides maximum growth weight gain and muscle development required for top performance at stud shows and at sale. All grains are processed for maximum availability and minimum wastage.
-  **Added RUMENSIN**
RUMENSIN™ increases the efficiency of the energy available from all feed consumed by the animal, reduces the incidence of bloat and enhances productivity by increasing the rate of weight gain and improving feed conversion efficiency of the animal.
-  **High Quality Ingredients**
The rations are made from barley, steamed and rolled, cracked sorghum, cracked maize and lucerne chaff to promote high digestibility and a great growth weight to cattle.
-  **Full Feed - No Additional Feed is Required However Roughage Is Often Added**
-  **Added Buffers to Combat the Likelihood of Grain Poisoning**

 **Feeding Guide**
We recommend Furneys Stud Cattle Fattener Finisher 13.5% is fed to stock twice daily. Fill your bunk with 2.5% of body weight, slowly ascertain consumption. This feed is part of a 3 stage Stud Cattle Fattener program including Starter, Midterm and Finisher. Progress to Stud Cattle Fattener - Finisher 13.5% after Stud Cattle Fattener - Midterm 14%. Eskalin can be added with an S4 Vet Script.
