The Furneys Goat Block is a multi-mineral supplement formulated for dairy, angora, meat and feral goats. Furneys Goat Blocks are designed to provide all types of goats with essential vitamins and minerals such as calcium and phosphorous to ensure active growth and development.

Goats have common deficiencies in cobalt, copper, iodine and selenium. Phosphorous deficiencies occur in many parts of NSW & QLD.

### FEEDING GUIDE

Furneys Goat Blocks should be left in the paddock at all times. Recommended feeding is based on 1 block per number of head, refer to feeding table below.

### FEEDING TABLE

NUMBER OF GOATS	NUMBER OF DAYS
70	28

### INGREDIENTS

Calcium Carbonate, Mono Di Calcium Phosphate, Sodium Chloride, Magnesium Oxide, Potassium Iodine, Sulphur Powder Granules, Zinc Sulphate, Sodium Selenite, Manganese Sulphate, Copper Sulphate, Zinc Oxide, Zeolite, Vitamin A & E Premix

### WARNING

This product is suitable for sheep, cattle and goats only and is not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product does not contain UREA. This product does not contain restricted animal material. Always ensure clean drinking water is available.
