

# GOAT FATTENER PELLETS

AVAILABLE IN 30KG BAGS, BULKA BAGS AND BULK

FURNEYS GOAT FATTENER PELLETS 16% IS A FATTENING PELLET FOR GOATS OF ALL AGES. EXCELLENT FOR GROWERS WISHING TO GAIN SIGNIFICANT DAILY WEIGHT GAINS WITH A COST EFFECTIVE, EASY TO FEED PELLET.

-  **High Quality Grain Mixed Pellet**  
Furneys Goat Fattener Pellets are for growers who wish to feed weaners and achieve significant weight gain. Made up of barley, wheat, lupins and sorghum to maximise daily weight gain.
-  **A Simple Trough Feed or Lick Feeder**  
Furneys Goat Fattener Pellets make feeding in troughs easy and reduces dust associated with other mixed feeds. Pelleting ensures there is no feed segregation and reduces wastage.
-  **Feed Post Weaning**  
Furneys Goat Fattener Pellets are for growing goats from 3 months to joining.

-  **Feeding Guide**  
Furneys Goat Fattener Pellets is not a complete feed, it must be fed in conjunction with hay and / or pasture. The Pellet should be introduced slowly and build up to 1.5% liveweight / head / day depending on body weight and age. Roughage should be supplied ad lib. Always ensure goats have access to clean, cool, fresh water. Introduce goats to the ration gradually over a 3 week period.

#### Ingredients

Barley, Wheat, Sorghum, Corn, Wheat by-products, Lupins, Chickpeas, Cottonseed Meal, Copra Meal, Canola Meal, Sunflower Meal, Soybean Meal, Bi-carb Soda, Mono Di Calcium Phosphate, Lime, Salt, Bentonite, Molasses and Urea.

#### WARNING

This product is suitable for goats only and not recommended for other animals. The above feeding rates are a guide only. Variances due to pasture quality, climate, workload and age of the animal will give different results. Please use the feeding table as a guide only and ensure feeding is introduced gradually to all animals, as unobserved diet changes can be detrimental to final results or the animals health. This product contains UREA. This product does not contain restricted animal material. Always ensure clean drinking water is available.
